Honorary members are inducted into CWSS because of their service to the organization and to the Weed Science Industry. Our honorary member this year has been an exceptional contributor to CWSS and we are proud to announce this year's awardee is Matt Ehlhardt.

Matt received his education from the University of Idaho with a BS in Plant Protection in 1978 and a MS Weed Science 1981 with research in control Rip Gut Brome in winter cereals.

Matt is currently employed with Bayer CropScience formerly Aventos, Agri evo and Hoeschst and has been there since 1990 based in California. Prior to that he has been based in Arkansas, Kentucky, Tennessee, another stint in California and the Pacific Northwest.

His service to CWSS has been exemplary. He has served on the Board of Directors from 1999-2002 and President in 2001. He served on the steering committee from 1996 to present and chaired almost all sessions and presented papers each year on weed control in tree and vines, rice, sugar beets and wheat.

Please join me in welcoming Matt Ehlhardt to the August group of Honorary Members of California Weed Science Society.
