

Hyatt Regency Sacramento Health and Safety Guidelines

Masks are required in all public, function, event & meeting spaces for all hotel employees and ALL guests, regardless of vaccination status. Here is the Mask Mandate currently in effect, that will be included in the Group Detail Report that I will send to Maryana once all of the meeting space set ups and menus are complete:

Per the July 29, 2021 mandate from the Sacramento County Public Health Office, face coverings shall be worn, regardless of vaccination status, in all indoor public settings. This includes venues, gatherings and workplaces, such as, but not limited to: restaurants and bars and conference centers.

THESE MANDATES MUST BE FOLLOWED IN ORDER FOR HYATT TO OPERATE SAFELY AND LEGALLY.

Masks must be worn at all times, except when eating or drinking. This includes, but is not limited to the following situations:

-Standing in Line at a Buffet or Bar

-In Lobby or Meeting Space Restrooms, Lobby or other Public Area

-Sitting in a Meeting, General Session, or other setting where social distancing is not possible.

If these Social Distancing and Mask Requirements are not upheld at the event, we maintain the right to refuse service and conclude the event.

We also will have the following in place:

- Hand sanitizer is available throughout the lobby and will be in each meeting room
- Cleaning protocol – <https://www.hyatt.com/info/care-and-cleanliness-americas>

We adhere to Sacramento County Public Health Order: <https://www.saccounty.gov/COVID-19/Pages/default.aspx> which is updated as policies and recommendations change.
